

Custom Art Title Cards,

## Printed on satin-fabric-lined PVC. No Paper. No Foamcore.

Surfaced with a thin layer of adhesive satin fabric, these cards offer a zero-glare surface which is perfect for high-light gallery walls. Their 3mm closed-cell PVC backers are thinner than foamcore, but three times more dense, for a plate that won't flake, fray, crack or tear.

Design a custom card with your logos, images and color scheme. Send artwork titles, mediums, pricing and contact information, in a Microsoft Excel spreadsheet for our "Printed the way you typed it, or we reprint it and rush it to you free" guarantee.

## Better by Design.
